

# ARE YOU READY TO MAKE THIS MAJOR FINANCIAL DECISION?

**You're not ready!**  
Put this decision on your list to investigate after the more pressing decisions are handled.

**You're ready. Seems like you have your answer.**

*Remember!*  
If you tend to decide impulsively, you must *pause* before making major decisions.  
If you tend to suffer from "analysis paralysis" you must *ground yourself*, and take small steps to keep moving forward.
